SPECTA

QUARTZ SURFACES

Imagination cast in stone

Welcome to a world designed to enliven your imagination.

Imagine a world, where beauty abounds in its most magnificent and versatile forms. A world, where everything exemplifies art in a form so pure, it turns you into a connoisseur. This world now exists – not just in your imagination, but in reality.

Welcome to the world of Specta. Where nature meets technology to bring your imagination to life. It's a delightfully charming manifestation of your imagination.

Specta – Imagination cast in stone.

A fascinating collection that complements your imagination.

Specta brings to you an enchanting range of designer quartz surfaces in a wide variety of colours, designs and patterns to complement your imagination.

Every stone has a fascinating story. Pick the ones that complement your kitchen and living spaces, and create your signature style.

Aura

The essence of your soul

Aura Series is designed with the utmost care and attention, blending imagination, technology and craftsmanship to create a soulful experience. Aura Series is for those who value quality, beauty and elegance in their living spaces. It is a mirror of your soul, shining with vitality and radiance.

Origin

■ DS Light Gray (OG-5033)

■ DS Dark Gray (OG-5066)

■ Pure Cemento (OG-607)

■ DS Light Gray (OG-5033)

Spectacular legacy.
Spectacular technology.

Specta is the outcome of more than two decades of ARL Group's expertise in process manufacturing, world-class Breton technology, and some of the leading minds coming together to create refreshing ideas for Engineered Quartz Stone Surfaces.

A legacy built on unwavering values
& lasting relationships

Built on values and fortified by strong relationships, ARL Infratech – headquartered in Jaipur, Rajasthan, India – has emerged as one of the leading building materials conglomerates serving critical infrastructure needs like roofing, water supply, sewerage, sustainable building construction etc. The group has built a lasting legacy of excellence and high quality in process manufacturing. Today, the group has multiple category-leading brands that come out of its leading facilities. For more information, please visit www.arlinfratech.com

World-leading technology meets a world-class manufacturing facility.

For Specta, the ARL Group has set up one of the world's most advanced technology-led manufacturing facilities, spread across a sprawling area of about 400,000 sq. ft. in the Bagru Industrial Area, Jaipur, Rajasthan (India). Leveraging the patented Bretonstone technology, with high-end robotics, programmable design components, best of design resources, control systems and more; the Specta team is working to create SPECTAcular masterpieces, one slab at a time.

Tech-led Quality Control

Be it quartz, resins or various additives, Specta's state-of-the-art Quality Control Laboratory keeps a diligent control over every input. High-end sieving and sorting equipment are used for controlling and grading the quartz powder and grains. Besides, the processes are seamless and integrated for quality across all stages - mix preparation, treatment, casting, hardening & slab finishing technologies and processes.

Focusing on Quality, Safety & Environment!

Besides, Specta's plant adheres to the highest global quality and safety and standards in Quartz Stone Manufacturing, with a keen eye on the environment.

Technical Data Sheet

Specification	Test Standard	Test Result
Water Absorption	EN- 14617-1	<0.03%
Bulk Density	EN- 14617-1	2.10-2.45 g/cm ³
Flexural Strength	EN- 14617-2	40 - 82 N/mm ²
Compressive Strength	ASTM C 170	>200 Mpa
Impact Strength	EN- 14617-9	3.50 - 14.20 Joules
Thermal Expansion	EN- 14617-11	1.5 x 10 ⁻⁵ - 2.8 x 10 ⁻⁵ /°C
Abrasion Resistance	EN- 14617-4	> 23 mm
Mohs Hardness	EN - 101	6.5 - 7.5
Stain Resistance	ASTM C 1378-04	Unaffected
Wear and Cleanability	ASTM Z124 6.5.3	Pass
Cigarette test	ASTM Z124 6.5.4	Pass
Surface Burning	ASTM E-84	Class A
Chemical Resistance	EN-14617-10	Class C4

Spell Free Edging

Spectacular performance, for life.

The R&D division is geared to deliver on the most challenging performance and design parameters. A highly trained professional team of designers is working under ace global designers to deliver inimitable outcomes.

The technology team trained by specialists from Breton are leading the way for product development, creating a series of flawless surfaces that outshine

Large Size

Capacity to manufacture jumbo size slabs
Size - 3275mm x 1625mm & 3275mm x 1460mm
Thickness - 20mm & 30mm

Durable

Harder, stronger and safer than marble, granite and other natural stones

Easy to Clean

Simple care with just soap and water, no need for sealing

Hygienic

Hosts no bacteria, mold, or mildew, stays safe and sanitary

Stain resistant

Impenetrable, non-absorbent surface that is impervious to stains

Heat resistant

Specta quartz surfaces can withstand normal heat and it's advised to use trivet only for extremely high temperatures

Scratch resistant-

High surface hardness, not susceptible to scrapes or scuffs

Tough & Flexible

Easy to fabricate & mould, highly resistant to cracks and chipping

Application

Kitchen Counter-Top

Dinning table

Internal Flooring

Backsplash

Staircase

Vanity Top

Door & Window Frame

Wall Cladding

Shelves

Table top
